50	"	"	"	"	*5.00*

Monthly rates apply to all not taking ice the entire season, May to October 1.

This ice is made from the pure water of the UNDINE SPRING, is filtered and distilled before being frozen, and is consequently free from all sediment and disease germs so common in Natural Lake and Pond Ice. It is also much cheaper than Natural Ice, as it is frozen so much harder, and is free from snow and dirt. It is highly recommended by all Chemists and Physicians, as being absolutely pure and healthful.

All Orders and Communications will Receive Prompt Attention.

INTRODUCTORY.

We are pleased to present to the public the new BROOKLINE DIRECTORY for 1893, being No. 4 of the series. We have endeavored to compile a concise and reliable Directory, and, therefore, feel assured that the improvement inaugurated last year, viz., dispensing with the needless repetition of the surname—simply printing it once at the head of each list—will continue to receive the same general favor which it is now accorded. We hope those who are disposed to be critical of its defects and imperfections will bear in mind the fact that our canvassers are dependent upon the inhabitants of a city or town for any information they may obtain, and that desired facts are often withheld, whereas, if each one would do his part, the book would soon become a model one. We shall constantly strive, regardless of trouble or expense, to maintain a high standard of excellence in the publication of the BROOKLINE DIRECTORY.

Our thanks are extended to the advertisers, and to all others who have rendered assistance.

Respectfully,

W. A. GREENOUGH & CO.,

Compilers, Printers and Publishers.

SPECIAL NOTICE.

CUSTOM TAILORING.

I beg leave to inform the inhabitants of Brookline and vicinity that I am still located at the old stand, Guild Block, Boylston Street, where I am prepared to fill all orders for custom work with promptness and at reasonable prices. A full line of Spring and Fall goods of Foreign and Domestic Manufacture, just received. Coachmen's Liveries made to order. Cleansing, Dyeing and Repairing executed with despatch. I have a method of removing gloss from clothing which I can highly recommend. Thankful for past favors, I hope by strict personal attention to business to merit a share of your patronage.

Respectfully,

T. J. TURLEY.

SIGHTLY. HEALTHFUL. PICTURESQUE.

HILLCREST,

WINCHESTER, MASS.

A pretty property amid pines and oaks, beeches and birches, cedars and hemlocks.

IN THE MOST HEALTHFUL TOWN IN NEW ENGLAND.

MAGNIFICENT SCENERY.

Pretty lakes nestled between the hills, sloping knolls shaded with a variety of trees, groves of stately pines, broad boulevards, winding roads, extended views and glimpses of distant mountains, are some of the attractions that "HILLCREST" offers. No house shall be built on the property costing less than $5,000.

"Hillcrest is a succession of wooded knolls averaging 200 feet above sea level with winding drives that offer innumerable glimpses of a beautiful reach of country."—Boston Traveller.

"Hillcrest is the most beautiful part of Winchester. It would be useless to endeavor to adequately describe this place. Its beautiful scenery is to be found in no other Boston suburb."—Boston Courier.

"Hillcrest presents a most entrancing view, and nothing like it can be had elsewhere in this vicinity."—Somerville Citizen.

Houses that cost from $5,000, to $25,000, built to order. Large and desirable lots sold at reasonable prices and money advanced to build.

Address,

ARTHUR L. WYMAN,

REGULATIONS CONCERNING FIRE ALARMS.

First alarm to be given on bells and whistle, by striking four rounds.

Second alarm to be given by ten blows struck once.

1 One stroke at M. and 9. P. M. every day.

1-1 Two strokes slow for fire out, and all apparatus under way will return to quarters.

One first alarm from boxes 27-32-34-35-36-37-38-39-41 43, Hose 3, will take position in the Hose 1's house

On second alarm from boxes 16-17-18-21-23-25-27-29, the Chemical engine will take position in Hose 1's house.

Members of companies not responding on first alarm shall report at the house of their respective companies, and remain there twenty minuets, unless the recall signal has been sounded. After a first alarm has been given and before the recall signal is sounded, should an alarm be given from another box, all unemployed first and seconed alarm companies will respond.

22 Signal for No. School, 4 rounds.

Also a special box for Town Hall, except between the hours of 7 and 8.30 a. m.

EUGENE N. DAVIS, Supt.

INFORMATION FOR YOU.

Keys to the boxes may be found at the nearest house.

Before ringing in an alarm be sure that a fire actually exists.

Do not give an alarm for a fire seen at a distance, as all needless alarms are an expense to the town, and should be avoided as much as possible.

To give an alarm, pull down the hook in the box once (without jerking) and let go. Wait a few seconds and if you hear no clicking of the wheels, pull again (no clicking, no alarm) ; if then no movement is heard,go to the nearest box and try, of which report immediately, to the superintendent or at the station, the box out of order.

All persons giving fire alarms are requested to remain by the box, if possible, to direct the fireman to the fire. Each box contains a small bell which if heard before you pull indicates that the alarm has been previously given.

After the first alarm has been rung in, all other alarms or signals are given only by the engineer.

Tampering with any of the apparatus connected with the Fire Alarm Telegraph will be prosecuted to the full extent of the law.

SPECIAL NOTICE.

The fact that an alarm box is located near their residence and where the key is kept, should be known to all persons, both male and female, and the simple manner of giving an alarm in case of fire should be a matter of common education. The Board of Engineers recommends to all persons who may see this notice, that they make all necessary inquiries to enable them, in case of need, either to get the key and pull an alarm in, or direct others to do so. Time saved in this way may prevent conflagration.
